INDEX OF SUBJECTS AND AUTHORS

Acid-fast bacilli in patients of a nontuberculous medical service, 304

American antituberculosis movement, Beginnings of the, 361

AMERICAN TRUDEAU SOCIETY:
- Officers, Executive Committee, Council Members, Advisory Board, 1943–1944, 129
- Deaths during 1942, 130
- Report of the Committee on Tuberculosis Sanatorium Standards, 199
- Report of the Membership Committee, 202
- Report of the Committee on Postgraduate Medical Education, 203
- Report of the Committee on Industrial Tuberculosis, 272
- Report of the Committee on Medical Information, 275
- Report of the Committee on Educational Literature, 276
- Report of the Committee on Coexistent Syphilis and Tuberculosis, 277
- Report of the Committee on Coöperation with the American Board of Internal Medicine, 278
- Report of the California Trudeau Society Annual Meeting, 1943, 356
- Report of the Committee on Undergraduate Medical Education, 461
- Report of the Illinois Trudeau Society, 462

Analysis of breathing pattern, 382

Anaphylaxis, tuberculoprotein (tuberculin), Immunization against, 329

ANDBERG, WILLIAM. See FELDMAN, WILLIAM H., *et al.*, 82

ANDERSON, R. J., REEVES, R. E., CREIGHTON, M. M., AND LOTHROP, W. C. The chemistry of the lipids of tubercle bacilli, 65

Antituberculosis movement, American, Beginnings of the, 361

Army camp, Types of lung diseases encountered in an, 1

Aromatic iodine compounds, Effect of, on the tubercle bacillus, 40

Artificial gastric juice and duodenal secretions, Action of, on tubercle bacilli, 174

Ascorbic acid in tuberculous Navajo Indians, 342

Autolysis of tubercle bacilli and the production of tuberculin (tuberculoprotein), 443

Bacilli, Acid-fast, in patients of a nontuberculous medical service, 304

——, rare, in sputum, What is the clinical and epidemiological significance of, 279

——, tubercle, Action of artificial gastric juice and duodenal secretions on, 174

——, ——, Autolysis of, and the production of tuberculin (tuberculoprotein), 443

——, ——, Culturing of, from the human spleen, liver and kidney, 76

——, ——, Demonstration of, by fluorescence microscopy, 435

——, ——, lipids of, Chemistry of the, 65

Bacillus, tubercle, Effect of aromatic iodine compounds on the, 40

Beginnings of the American antituberculosis movement, 361

BERNHEIM, FREDERICK. See SAZ, ARTHUR K., *et al.*, 40

Bilateral spontaneous pneumothorax, Simultaneous, 51
